

Trainee Property Valuer (Estate Agency)

Manchester: Full-time, permanent role

Yieldit is a fast-growing estate agency that specialises in the marketing and sales of buy-to-let investment property. Proud to be different in a demanding sector, our unique approach really understands what our clients want when selling a tenanted property. Having a pioneering, yet tried and tested method of sale we understand the complexities of marketing, selling and conveying tenanted property.

We specialise in getting the best possible price for our vendors whilst going through the legal process without them experiencing any loss of income.

For our buyers we offer the best yielding investments, many with good capital growth characteristics and offer a seamless service where they can collect healthy income from day one of ownership.

Due to continued expansion, we are looking for a trainee property valuer and instruction winner to join our busy team. Different to a high street estate agent, we will train you to be the first in line to persuade potential vendors why they should use our unique service. You must be prepared to learn how to conduct valuations based on comparables and rental yield.

Leads are generated through our marketing efforts and working alongside an experienced valuer, the successful candidate will learn how to sell our services and understand the legal requirements of tenanted property. You will also be trained in listing and describing property professionally and taking photographs to market the homes in their best light.

If you have a small amount of estate agency experience, this could be the perfect next step. We will also consider candidates who have made a successful start in sales or BDM roles and wish to work within the property sector.

We will train you to be the 'best' in sales, so you can sell our services to potential vendors, whilst working in a fun and close environment.

A current full UK driving licence is also necessary.

- We offer an above industry salary package, linked with results but beyond the norm.
- We offer a modern workspace, with like-minded colleagues and a fun environment.
- Employment benefits including private medical insurance and half price gym membership (after 1 year service)
- Opportunity to join a young company with the possibility of strong career progression.

Please send your CV and covering letter to careers@yieldit.com
